RESOURCES FOR YOUR JEWISH INSTITUTION

THE ANTI-DEFAMATION LEAGUE has over 100 years of experience working with the Jewish community to combat anti-Semitism and all forms of hate. We take pride in our holistic approach to education, and offer many resources and engagement opportunities to meet each community's needs.

We invite you to view what ADL New York Region can offer in 2016 and encourage you to invite us to your neighborhood!

WORDS TO ACTION

OUR INTERACTIVE WORDS TO ACTION workshops empower Jewish youth, family members, and community members to respond to incidents of anti-Semitism and anti-Israel bias. This program is customized to meet the needs of various audiences and educational environments, and is designed to help participants:

- Strengthen their Jewish identity
- Confront insensitive or hateful comments
- Challenge anti-Semitic myths with facts
- Develop tools to respond effectively to difficult situations
- Understand the BDS Movement (Boycott, Divestment & Sanctions) and its negative implications on American college campuses

Words to Action can be implemented as a 1-time workshop or a 2-4 part program.

SECURITY AWARENESS SEMINARS

ADL HAS DEVELOPED a comprehensive approach to security for synagogues, schools, JCCs and all Jewish institutions using a security awareness manual designed to help security planners. ADL can work with any local Jewish organization to help constituents begin the process of thinking about security.

CURRICULUM RESOURCES FOR TEACHERS

OUR K-12 CURRICULA PROVIDE an understanding of diverse perspectives, strengthen critical thinking skills, challenge the development of emerging biases and build skills and motivation to take action against injustice.

All of our resources are interactive, Common Core aligned, and inspire students to take action in support of social justice. We have specific lesson plans designed for "Addressing Anti-Semitism in the Classroom."
