REGIONAL UPDATES

NOVEMBER 4, 2022

Our agencies would like to notify the community that we have been working together with state and federal law enforcement agencies following an announcement by the Federal Bureau of Investigation (FBI) field office in Newark of a potential threat to synagogues in New Jersey yesterday afternoon. Early this morning, we were notified through official channels that a subject is in custody. The FBI and New Jersey authorities are continuing to investigate in an effort to identify any additional threats. At this time, we advise that the community remain vigilant though no heightened state of alert is required.

We are thankful to the [@FBINewark](#) for addressing this threat and mitigating it. At this time we advise the community remain vigilant given that an investigation is still ongoing, but no heightened state of alert is required.

"CSI, CSS, ADL and SCN have been in contact with federal and local law enforcement agencies over the past 24 hours regarding a specific threat to the New York-area Jewish community. The threat was mitigated late last night, and two suspects were apprehended. We are thankful for the work of the NYPD, FBI, Joint Terrorism Task Force and MTA Police. This comes at a time of heightened sensitivity in the New York-area Jewish community after an 18-year-old man was charged with sending threats to the Jewish community in New Jersey just two weeks earlier. As always, we ask the community to remain vigilant, but no further immediate community actions are needed at this time."
